

31 January 2014

Dear Ray,

Once again in 2013 you provided a happy Christmas for our clients and their children. Every list we submit becomes a blueprint for joy, as evidenced by the many bags of gifts provided by the holiday elves of Miracle Providers Northeast!

Your generosity means so much more than the items provided. Even in a time of scarcity, you manage to find the perfect gifts on each child's wish list.

Our grassroots AIDS service organization has a mission to ensure that our clients can live the highest possible quality of life in southwestern New Hampshire. Thank you for working year-round to demonstrate the very meaning of our agency motto -- Kindness, Compassion and Love.

Always,

AIDS Services for the Monadnock Region
Keene, New Hampshire

Susan MacNeil, Executive Director
